

QUIZZES – ASSOCIATE QUIZ WITH GRADE ITEM

Associate a grade item with a quiz to connect the quiz results to the Grades tool. This tutorial shows how to associate a grade item with a quiz.

Step 1.

From the **Quizzes** tool, select the **quiz** which you want to associate the grade item with.

Step 2.

This will take you to the **Edit Quiz** page. Click the **Assessment** tab.

Step 3.

The Grade Item menu contains a list of active grade items in the course. You can also add a new grade item. **Select a Grade Item** or **Add a Grade Item**. For tutorial on adding a Grade Item refer to its respective tutorial.

Step 4.

Continue customizing your assessment options on the page. One of the option is **Auto Export to Grades**, this option prompts the system to send auto-graded attempt scores directly to the grade book if a quiz is associated with a grade item. Use this option if you are using a question that the system can grade such as **True or False** or **Multi Select Question**.
